If you search on Auto Trader for [used BMW Maidstone](#) , you will probably see over 1000 cars in the search results. This is largely due to BMW being such an established and popular brand, with a huge volume of used cars being remarketed in the UK every year. BMW has had the most success with the 3 Series which has been in production for almost 30 years. It is now produced in various body styles including the 4 door saloon, 2 door coupe, and BMW 3 series convertible.
